- Part B Decision Planner for Church Variation Delegation
- Part C Decision Planner for Central MAT/LGB Additional Responsibilities Delegation
- Part D Decision Planner for Central MAT/School Extended Health and Safety Delegation

Part E – MAT Finance Delegation

A well organised Board of Directors can spread its statutory workload by setting up sub-committees and delegating tasks to these committees, or in some instances to individuals. This delegation planner covers legal responsibilities pertaining to the academy schools within ADMAT.

The Board of Directors are accountable in law for all major decisions about the trust and its future. However, this does not mean that they are required to carry out all the work themselves. For example; Boards of Directors have a responsibility to ensure that their academies have a pay policy, but they would not be expected to draft it themselves. This task can be delegated to a member of the academy staff or a small designated group of directors and/or local governors; alternatively the Board can adopt model policies. The Board will then discuss and amend/endorse and adopt the policy as necessary.

It is important to remember that the Board of Directors, its committees and the Local Governing Boards (LGB) do not represent constituencies. For example: Parent governors do not represent the parents, the staff governors do not represent the staff. Each director or local governor has equal voting weight within their delegated responsibilities. The Chair of the Board or Chair of Local Governors will have a casting vote if required.

This planner shows to which level the ADMAT Board of Directors have legally delegated their main functions to committees and individuals.

These delegated responsibilities and/or resulting decisions made by the committees may be subject to change by the full Board of Directors.

Committees and local governors must remember that although decisions may be delegated, the Board of Directors as a whole remains responsible for any decision made under that delegation.

Decision Level Key

Level 1: Full Board of Directors (F)

✓ Indicates level required by ADMAT Board of Directors.
