

COADS GREEN PRIMARY SCHOOL

COADS GREEN,
LAUNCESTON,
CORNWALL
PL15 7LY

12th March 2020

Dear Parents/Carers,

I am writing to update you on the school's preparations for a possible future closure due to the Coronavirus. The government are updating us on a daily basis regarding their plans for containment of the virus. I will inform you of any updates that effect school as they occur. If you do not hear from us, then assume we are continuing to open as usual.

In order to ensure you receive updates, please make sure your contact details are up to date. If anything has changed please notify the school office.

We are planning to provide work in the event of a closure for your child/ren to complete and more information will be sent out about this via Parentmail. We will also provide appropriate online learning support links for those who can access it. Teachers will aim to provide ideas via the school website and social media and we will also communicate updates in this way. However, please bear in mind, teachers may be caring for their own children and families, may have limited internet access.

I want to reassure you that this is not a notification of closure and we aim to remain open unless advised otherwise.

I will continue to keep you updated.

Kind regards,

Claire Bader.

Headteacher: Miss Claire Bader
